Overview

R & *D* Management publishes articles which address the interests of both practising managers and academic researchers in R & D and innovation management. Covering the full range of topics in research, development, design and innovation, and related strategic and human resource issues - from exploratory science to commercial exploitation - articles also examine social, economic and environmental implications.

Aims and Scope

R&D Management publishes articles which address the interests of both practicing managers and academic researchers in R&D and innovation management. Covering the full range of topics in research, development, design and innovation, and related strategic and human resource issues - from exploratory science to commercial exploitation - articles also examine social, economic and environmental implications. In addition, the journal publishes notes and comments, and reviews of new publications in the field.
